

Special Editor's Award - ATK

ATK is the world's largest ammunition manufacturing entity, generating about \$1.5 billion in sales annually. The organization manufactures all sorts of ammo for small and medium caliber military, medium caliber gun systems, rocket motors, ammunition propellants, commercial and military smokeless powder, law enforcement and, luckily for us hunters, sporting ammunition.

Founded in 1990, ATK is no stranger to the ammo business. The predecessor company, Honeywell, supplied defense products and systems to the U.S. and its allies for 50 years, including the first electronic autopilot that enabled B-17 aircraft to accomplish pinpoint bombing missions during World War II.

ATK Commercial Products also proudly promotes the following product brands: Federal Premium Ammunition, Fusion, CCI, Speer, Weaver Optics and Mounting Systems, Nitrex Optics, Champion Traps & Targets, Gunslick Pro Cleaning Equipment, Outers Gun Care, Alliant Powder and RCBS.

Hunting Lodge - GREYSTONE CASTLE

What's both unique and compelling about Greystone Castle is that it can be so many things to so many different sportsmen. For the upland gunner, the lodge's large fields of sorghum, corn and prairie grasses bring back boyhood memories of chasing ringnecks and quail in the Dakotas and Iowa. For the big game hunter, its 4,000 high-fenced acres offer superb hunting for trophy whitetails along with a variety of exotic game in oak woodlands reminiscent of Africa's bushveld. For waterfowlers, there's flighted mallard shoots and for turkey hunters, untold numbers of boss gobblers.

What appeals to all visitors at Greystone are its top-of-the-line accommodations and meals. There are five handsomely decorated suites capable of hosting more than 30 guests, a dining room complete with a fulltime chef, spacious new conference facilities, and even a swimming pool and hot tub. Just outside Greystone's tall castle walls is the trap range, which affords a breathtaking vista of the entire estate.

A fully endorsed Orvis Wingshooting Lodge, Greystone Castle is located just an hour's drive west of Dallas.

Art Carter Outstanding Craftsman Award - DAVID MCKAY BROWN

Edinburgh gave the world the round-action double gun. The round action gave the world David McKay Brown.

Incontestably one of the master-artisan makers in the international theater of premier double shotguns, David McKay Brown has dedicated himself consummately to perfecting the round-action gun, in both performance and presentation.

Leaving a lustrous appointment with John Dickson & Son in 1967, he ventured on his own to found David McKay Brown (Gunmakers) Ltd. Today, at his Bothwell shop in Lanarkshire, he produces roughly 30 best guns and rifles of mesmerizing singularity, beauty and function.

Massing a fervent following, the round-action gun is the supreme artistic bridge between boxlock and sidelock. To own and shoot a McKay Brown, in classic Scottish side-by or sensuously fenced over/under, is to approach shotgunning Nirvana. www.mckaybrown.com - *Mike Gaddis*
